

Town of Yadkinville

Fiscal Year 2012-2013 Adopted Budget

"A Town in Progress"

TOWN OF YADKINVILLE

“A TOWN IN PROGRESS”

Office of the Town Manager

May 24, 2012

The Honorable Hubert Gregory, Mayor
Members of the Board of Commissioners
Yadkinville, North Carolina

Mayor Gregory and Members of the Board of Commissioners:

Pursuant to Section 159-11 of the North Carolina General Statutes, I am pleased to present the Manager's Recommended Budget for FY 2012-2013 for review and consideration.

This Recommended Budget provides a financial plan for the ensuing fiscal year and has been developed in accordance with sound fiscal policies. The key components of these directives from the Board of Commissioners and the budgetary principles on which this document is based are:

- Basic town services are continued with funding at adequate levels.
- Sound budgetary principles have been followed in developing this budget.
- Revenue projections are estimated at realistic, conservative levels.
- Expenditure projections are estimated at realistic levels.

The FY 2012-2013 Recommended Budget totals \$4,343,161 for all town operations, capital improvements, and debt service requirements. This represents an increase of approximately 5.2% from the FY 2011-2012 Adopted Budget of \$4,129,518.

FUNDS OF THE RECOMMENDED BUDGET

General Fund

The General Fund contains all governmental services that do not generate sufficient revenue to support their activities, including the Police Department, Administration, Planning and Zoning, Sanitation, Streets and Highways, Garage, etc.

The FY 2012-2013 Recommended Budget for the General Fund totals \$2,147,605, which represents a 2% increase over the FY 2011-2012 Adopted Budget of \$2,105,518.

This Recommended Budget proposes to balance the General Fund with:

- No increase to the current property tax rate.
- Household solid waste fee for garbage and recycling services.

Property Tax

The property tax base is estimated to be \$220,112,956, which represents an incremental increase of approximately 2.8% over FY 2011-2012, and is realistically based on information from the Yadkin County Tax Administrator.

This increase will provide approximately \$851,925 in property tax revenues based on an assumed collection rate of 94.4%. A penny on the tax rate is projected to generate approximately \$20,779 in revenue.

Solid Waste

Currently, Yadkinville is the only municipality in Yadkin County that does not assess solid waste and recycling fees for contracted garbage collection and recycling services. Moreover, the Town provides bulky item and leaf pickup services. This budget proposes a monthly solid waste fee charge of \$8 per household necessary to partially offset the increasing contracted costs of providing weekly household garbage collection and recycling services to Town residents and in anticipation of escalating fuel costs. The table below illustrates solid waste fees assessed in other municipalities within the County.

FY10-11 Solid Waste and Recycling Fees of Municipalities in Yadkin County

Municipality	Solid Waste Fee Amount	Recycling Fee Amount	Billing Period
Boonville	\$9.00	0	monthly
East Bend	\$27.14	\$60.00	annual
Jonesville	\$11.00	\$2.35	monthly
Yadkinville	0	0

Fund Balance

The proposed FY 2012-2013 budget proposes a transfer of \$26,450 from the General Fund Balance to balance the budget. This transfer will be mostly offset by an estimated \$25,000 surplus from the fiscal year 2011-2012 General Fund budget that will revert to the General Fund balance on July 1, 2012.

Water and Sewer Fund

The Water and Sewer Fund contains all water production, water distribution, wastewater collection and wastewater treatment activities of the Town.

This Recommended Budget proposes a 10% increase in the water and sewer rates for the upcoming year. This increase is necessary to keep pace with the growing cost to provide quality water distribution and wastewater collection services to the residents and businesses in Yadkinville. Quality water and sewer service is one of the major driving forces in economic development and maintaining this highly-rated system is important for a prosperous future.

The FY 2012-2013 Recommended Budget for the Water and Sewer Fund totals \$2,195,556. This represents an increase of approximately 8.2% from the FY 2011-2012 Adopted Budget of \$2,029,000.

Hinshaw Gardens Fund

The Hinshaw Gardens Fund manages interest earned from a \$100,000 donation from Lucy Crater in 1980. The interest earned from the donation is used for maintenance of Hinshaw Gardens on West Main Street. These funds are transferred to the General Fund and appropriated to the Hinshaw Gardens budget.

As a interest rates continue to decline, \$5,645 of the Garden’s fund balance is necessary to ensure there is funding to pay for maintenance costs. This Recommended Budget proposes . The FY 2012-2013 Recommended Budget for the Hinshaw Gardens Fund totals \$6,390, which includes \$495 estimated from investment earnings; \$250 estimated from rental fees and \$5,645 from Fund Balance Appropriated.

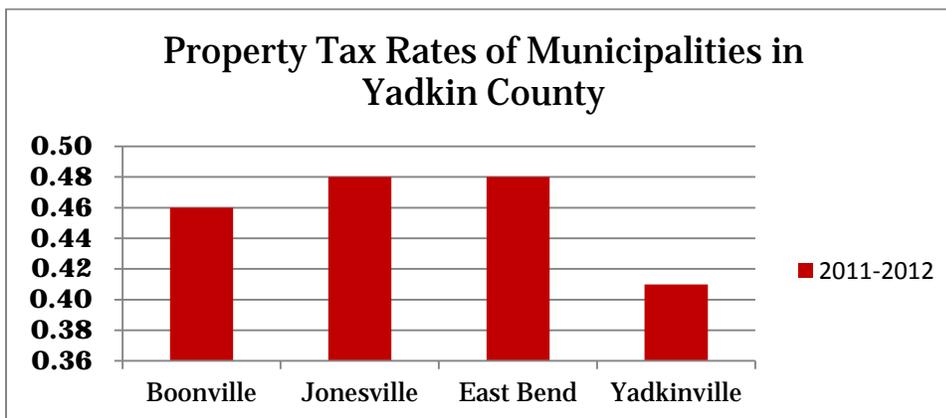

SOURCES OF REVENUE

Ad Valorem Tax (Property Tax)

Two characteristics of the property tax distinguish it from other forms of taxation and underlie the methods of determining tax liability and enforcing collection. The first characteristic is that the property tax is levied on property itself, not the owner. The second is that the tax is measured by the value of the property as a marketable item, not by the owner’s ability to pay. Thus, it is often called an “ad valorem” tax, from the Latin phrase meaning “according to value”.

In North Carolina, property tax rates are customarily expressed in dollars per \$100 of assessed valuation. The maximum property tax rate allowed in North Carolina is \$1.50 per \$100 of assessed value. This year’s proposed property tax rate for Yadkinville is \$0.41 per \$100 of valuation. This means that for every \$100 in value of property, \$0.41 is due. On a \$150,000 home the total annual Town of Yadkinville property taxes due would be \$615. Total Ad Valorem tax revenues (including prior year collections) are projected to be \$876,025 in FY 2012-2013. In North Carolina, this is the only significant source of revenue that the State allows local governments to control. This is strictly a General Fund revenue.

The Manager’s Recommended Budget proposes no increase to the current tax rate of \$0.41 per \$100 valuation. As illustrated below, the Yadkinville tax rate is the lowest of the municipalities in Yadkin County.

Source: N.C. League of Municipalities

Vehicle Tax

Vehicle tax is one type of personal property which is subject to the same levy rate as real property, which is \$0.41 per \$100 of valuation. The County does the billing and collections of this tax. The projected FY 2012-2013 vehicle tax revenue is \$62,120.

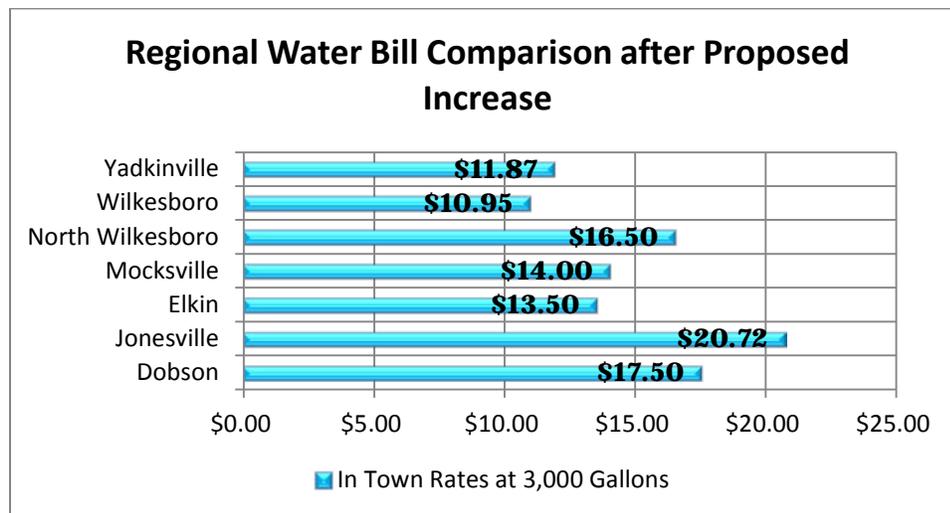

Sales Taxes

Two cents of the 6.75% sales tax imposed on qualifying purchases in North Carolina goes to cities and counties. The State of North Carolina collects the sales taxes and distributes them to the local units. Sales tax revenues are projected to be \$294,900 in FY 2012-2013. This is a conservative estimate based on North Carolina League of Municipalities estimates. This is strictly a General Fund revenue.

Sales and Services

One of the Town's major sources of revenue is from the sale of water and sewer to residents, businesses and in bulk to Yadkin County.

As illustrated in the chart below, a proposed 10% increase will keep Yadkinville's rates among the lowest in the region based upon an in-town rate comparison at 3,000 gallons.

Source: UNC Environmental Finance Center

This will provide approximately \$2,086,550 in revenue. This, along with interest earned on investments and other minor revenue sources pays for all water and sewer operations. This makes the Water and Sewer Fund completely self-supporting.

Transfers

The proposed FY 2012-2013 budget proposes a transfer of \$26,450 from the General Fund Balance to balance the budget.

The General Fund revenues will also include a \$95,000 transfer from the enterprise fund to pay for administrative support including: project management, financial management, and human resources management.

Beer and Wine Tax and ABC Store Revenue

Revenues from the sale of beer and wine are distributed by the State of North Carolina and are based on the estimated population of the Town. This year's revenue from the beer and wine tax is estimated to be \$13,280.

Revenues generated from Yadkinville's ABC Store are based on the profit generated at that store, which is expected to be approximately \$45,000 for FY 2012-2013. The revenue generated from these sources is estimated to equal nearly three cents on the tax rate.

State-Collected Local Taxes

These include: Electricity Franchise Tax, Piped Natural Gas Excise Tax, and Telecommunications Sales Tax.

The General Assembly, in 1998, replaced the utility franchise tax on piped natural gas with an excise tax on piped natural gas. In 2001 the General Assembly replaced the utility franchise tax on local telephone service with a new sales tax on telecommunications.

These funds are collected by the State and are distributed to the City based on the actual receipts from the providers of these services and commodities within the City limits. This revenue source is expected to be approximately \$453,930 for FY 2012-2013. These are strictly General Fund revenues.

Solid Waste Fee

This Budget includes a proposed revenue of \$87,350 for Solid Waste services as a result of the increasing contracted costs of providing weekly household garbage collection and recycling services to Town residents.

Powell Bill Street Allocation

The use of these funds is restricted to maintaining, repairing, constructing, reconstructing or widening any public street or thoroughfare within the City limits that is not State-maintained. Bridges, drainage, curb and gutter, sidewalks and other necessary appurtenances are also approved uses of these funds. The determination of the amount of the allocation comes from a formula containing a municipality's local street miles and population. To receive funds, each municipality must file an annual certified map and an annual expenditure report. In the end, only \$0.175 of the gasoline tax collected by the State is distributed to cities and towns. This revenue is estimated to be \$89,000 for FY 2012-2013. This is strictly a General Fund revenue.

Budget Highlights: This year's budget includes funding for a police vehicle and other priority capital investments. It also includes a 2% COLA for Town employees. Operational costs are estimated to increase as rising fuel prices drive the cost of supplies and materials, and the recent utility rate increase is anticipated to affect energy costs up to 8%. In this year's budget, the Town is anticipating an increase of 15% in gasoline costs and a 12% increase in insurance costs for Town employees. The Town is cutting other expenditures where it can, while staying committed to providing the same level of service delivery to the taxpayers.

The above chart illustrates the 2% increase in General Fund budgeting expenditures for the upcoming fiscal year in relation to the adopted FY 2011-12 budget and what was actually spent in the prior fiscal year.

Budget Highlights: This year's Special Appropriations budget includes a transfer of \$95,000 to the General Fund to pay for administrative support including: project management; financial management; and human resource management.

HINSHAW GARDENS

The Hinshaw Gardens Fund accounts for all financial resources in this fund. Revenues from interest earned from the original \$100,000 donation from Lucy Crater are transferred to the General Fund to pay for maintenance of that fund. In this year's budget--as interest rates have continued to drastically declined--it has become necessary to dedicate rental fee revenue towards maintaining the Gardens.

Pictured above is Hinshaw Gardens, which is located on West Main Street in Yadkinville.
