

Guidance for Raking and Disposing of Your Fall Leaves

- Leaves should not be raked into the roads, gutters, sidewalks, or drainage ditches. Leaves can clog up the Town's storm drainage system, and we do not pick up loose piles of leaves. Also, leaves are potentially a hazard for pedestrians.
- Please follow the Town of Yadkinville's leaf collection guidelines:
 - Leaves must be collected in clear plastic bags ONLY.
 - Bags are not to exceed 50 gallons in size.
 - Place bags near the edge of the pavement.
 - Do Not block hydrants, meters, or mailboxes.
 - Bag(s) may only contain leaves.
 - No need to contact the Public Works Department to have bags picked up.

For questions, please contact our Planning Department at (336) 679-8732 or Public Works Department at (336) 679-2990.
